Suarez, Mark 1:44 PM:

I'm being forced to restart. I'll get back to you in a little bit (hopefully).

Rate, Debra 1:44 PM:

You mean you have been upgraded?

Suarez, Mark 1:44 PM:

Oh, that's doubtful...

Suarez, Mark 1:45 PM:

or should I say that has not been my experience

Suarez, Mark 1:45 PM:

?

Rate, Debra 1:47 PM:

Actually that is Mike W.'s code for why nothing is working for him directly after a "big push" for updates....he had 7+ hours of down time on the last update push.

Suarez, Mark 1:49 PM:

It told me it would reboot, but now it's not doing anything. Not a good sign. 7 hours? Good thing Mike's pretty chill.

Rate, Debra 1:50 PM:

It took 1.5 hours for mine to reboot and upload the changes. So a little better.
